Business Partnership

DMM RESORTS will provide a childcare centre for employees in DMM Kariyushi Aquarium, which is scheduled to open in April 2020. Under the partnership, the new centre will be managed in cooperation with Future Creation, which has experience in running such facilities in Okinawa prefecture. The collaboration includes businesses such as planning and designing of the facility, hiring of employees, and admission of children. It is very rare for an aquarium to have a childcare centre.

The two companies will continue to communicate closely with authorities and utilize Future Creation's know-how of childcare services to ensure the smooth operation of the facility and improve the working environment of employees.
