■About Okinawa Churaumi Aquarium

Okinawa Churaumi Aquarium is a facility operated by Okinawa Churashima Foundation. Base on the concept of presenting the rich nature of Okinawa's marine environment, Okinawa Churaumi Aquarium recreated the ocean around Okinawa all the way from the water's surface

to a depth of around 700m, ensuring a variety of factors – light, water quality, underwater visibility etc. – are as close as possible to conditions in the natural sea. Through a simulated journey from the coast to offshore, to the Kuroshio Sea and even to the depths of the ocean, visitors can experience the wonder and importance of Okinawa’s sea.
